

Full-time CRNA for Ophthalmic Ambulatory Surgery Center

Provide regional, primarily retrobulbar, anesthesia to patients undergoing eye surgery in high-volume, ASC settings. Previous regional ophthalmic anesthesia experience helpful, but not required. Looking for a CRNA to work primarily in our Vancouver, WA, Tualatin and Portland, Oregon facilities with some travel to other locations required. Residence in or near Portland, Oregon would be ideal for this position. Mon-Thurs work schedule (Four 10's) with no call. Superlative pay and benefits. Position requires current RN/ARNP state licensure and current ACLS/BLS certification. You can learn about our company at www.pcli.com. Please submit CV to Christopher Whaley, CRNA at chris.whaley@pcli.com.
